Dear Beneficiaries of The Engle Trust Fund:

There has been an unanticipated delay in obtaining the final approval from the new administration of the United States Department of Justice of the proposed settlement of all Medicare and Veteran's Administration claims against the Engle Trust Fund. Accordingly, an interim second partial distribution of \$3,300.00 per approved smoker's submission has been mailed today.

I share your desire to bring this matter to a close and will do so as soon as reasonably possible. Thank you for your continued patience.

Very truly yours,

MILES A. McGRANE, III
Trustee
